WHAT IS A FIREFIGHTER CHALLENGE

Teams are invited from all over the country to compete in the event. The challenge features the best firefighter athletes, allowing them to showcase the rigors of firefighting to the public.

Long considered the proving grounds for elite firefighters, the firefighter challenge gives them an opportunity to flaunt their talents.

Forcible entry, charged hose pull, Kaiser sled, victim rescue (dummy drag), and CPR are just some of the course components used to test their skills.

This event will test their strength, agility, teamwork, and skills as firefighters while providing a fun, family-friendly event for participants and the public.

The Firefighter Challenge is a competitive event, pitting elite firefighter athletes against each other in head-to-head races that simulate the physical demands of real-life firefighting. Wearing full bunker gear and SCBA, teams of competitors race against each other and the clock, to complete an arduous course.
